GLENDALE CHOSEN

C. A. LESSARD CALLS THIS "PRETTIEST CITY" AFTER TOURING SIX MONTHS

C. A. Lessard, who came to Southern California about six months ago from Puget Sound and who has since been living in Los Angeles, was a caller at the office of the Evening News Thursday. It was a natural gravitation on his part, as he was a printer in years gone by, and still hankers for the forms. He was one of the first to operate a linotype for the Minneapolis Tribune.

Mr. Lessard says he and his wife have been touring the south ever since they arrived to select a permanent location and they have now satisfied themselves that Glendale is "the prettiest city in this part of the state." Having decided they have bought property at 707 Orange Grove Avenue for a home and will move to Glendale as soon as they can get possession of their purchase.

Mr. Lessard has also acquired the old Methodist church at the corner of Dayton Court and Wilson Avenue, which he will wreck and in its place on the same site will build four cottages. He began on Thursday the erection of two cottages on Cedar Street. He is the best kind of a booster for Glendale and is sure he will be very happy here.

FOUR-FOOTED ACTORS

ANIMALS GLENDALE KNOWS THAT APPEAR IN "BACK TO GOD'S COUNTRY"

Glendale was tremendously interested in the movie stars who visited the city Wednesday to see the preliminary showing of a new picture produced by Douglas Fairbanks, but its more lasting interest is given to the film actresses it claims as its own because of their residence here at one time or another. One of the outstanding names in this list is Nell Shipman. Here her dead lie buried, the parents in whose firmament she was the bright particular star, though the exacting demands of her profession took her away from them. At the time of her father's brief illness and death last winter she was in the Canadian wilds 150 miles north of Calgary, making the mountain scenes in "Back to God's Country"—unable to return, and so the friends and neighbors who had learned to love the sweet natured old man, performed the last offices with gentle hands, their sympathy going out to the daughter so far away. The father had loved nature but his child loves it with a fiercer intensity, and it is in scenes in the wilds such as are pictured in "Back to God's Country" that she is seen at her best.

This fondness for Nature includes a great love for animals, which she likes to keep around her and over which she is said to exercise a great influence. To her belonged the bear cubs which so delighted the children of Glendale and which were in the care for several weeks of young Edward Stockbridge on East Broadway.

After the death of Mrs. Shipman's father, Mr. Barum, Edward it was who fed them three times a day on raw eggs and milk or perhaps bread and molasses; for like all bears they loved sweets. Edward's duties necessarily enlarged from steward of the commissary department to disciplinarian.

Brownie had learned to steal Goldie's ration, and was distancing her sister in size and strength. But she was very cute about it, and when Edward had to "resort to measures" she learned to know his step so well, that she was always at her own dish by the time he arrived. These two animals figure in the picture, also an immense great Dane "Traoar," whose home is in Kern County, where the home scenes were made. Then there are panthers and porcupines and still another animal almost as well known in Glendale as his famous mistress, viz: the dog "Teddy." He is now owned by Edward Stockbridge and was given to him after the death of Mr. Barum, to whom Teddy was so devotedly attached that he had to be forcibly removed from his vigil beside his dead master. He is now just as devoted to Edward and insists upon accompanying him on his paper route to deliver the "Evening News." Having been granted this privilege he thought he could imitate Mary's lamb, and so followed him to school one day. Which was against the rule. It made the children laugh and play to see a dog at school.

After he had been made a prisoner (Continued on Page 6)

HIGH SCHOOL PROBLEMS

H. M. BUTTS ADVANCES NEW IDEA TO SOLVE TROUBLE—SOME QUESTION

Editor Glendale Evening News: Dear Sir: Space permitting, I would like to express through your paper my views relative to the proposed additions to the High School grounds and buildings.

I have enjoyed living in Glendale for nearly five years. A son and daughter have graduated from Glendale Union High. Another son is now a student there and all are proud of their school. I speak of this matter to show that I have a very personal interest in what may be termed "Glendale's greatest asset."

I fully appreciate the pride and satisfaction by those who so successfully strove before my time for the erection of the buildings we now have. I also am quick to realize the general superiority of the school system, for which the Board and Faculty are to be given great credit. But, judging from expressions heard at the mass meeting at the High School Monday night serious mistakes have been made from lack of courageous foresight in providing for the inevitable future. Community mistakes, like those of individuals, may be excused for the first time, but who will fail to severely criticize the individual who commits the same blunder twice? Do you not see the analogy? Why should the community make the same blunder again?

I, together with many others, have great confidence in the immediate, rapid and stable growth of Glendale. I, like every other citizen of Glendale, would always be proud to show visitors to our city a beautiful High School campus containing all the necessary buildings. But, with all due respect to the various views of the many others concerning what should or should not be done, I, for one, believe in proper settings.

A diamond is a diamond always, but who will deny that a diamond is enhanced, is beautified, is made infinitely more valuable by a proper setting? Who would think of setting a diamond in a piece of brass? Who would think of putting a magnificent group of High School buildings in the center of a rapidly growing business district?

We in Glendale, have far passed the village state, where the school house may be found across the corner from the postoffice. I say we have—but have we? How far, in this city of nearly 15,000, is the present High School from the so-called postoffice? Where should a city high school be situated, where would the observant visitor expect to find it; where would the thoughtful mother and father wish it to be—in the very center of the business district, as is now the case, or in some of the residential sections? Which is preferable for the welfare and success of the student? I believe without doubt that the girls and boys themselves of the G. U. H. S. as well as the faculty, after serious thought, will decide with me in this matter.

Little does it matter whether the school buildings adjoin the rear end of garages and business buildings—or whether they look down on Brand Boulevard with its constant noisy traffic and the business buildings which are bound to be erected on the opposite side. The result in the main, is the same—distraction, improper surroundings or as I said before, improper settings.

Projects were advanced by many which included acquiring property to (Continued on Page 3)

DEATH OF B. G. TITUS

Benjamin Green Titus died at his home, 119 South Townsend Avenue, Eagle Rock, December 11th, following an apoplectic seizure which he suffered about two months ago while returning from Los Angeles on an electric car. He was 60 years of age, was born July 12, 1859, in Massachusetts, had been a resident of Southern California for fourteen years and had lived in Eagle Rock for the past seven years, going back and forth daily to his work in Los Angeles in the L. A. Canning Company's plant. He leaves a widow and a son who is living in Providence, R. I. Funeral services will be held Saturday afternoon at 2 o'clock at the Little Church of the Flowers in Forest Lawn Memorial Park under the direction of Pulliam & Kiefer.

Mr. and Mrs. George E. Peck, who recently returned from the Imperial Valley and who have been guests of Mrs. Peck's mother, Mrs. Hapgood, have secured a house into which they are moving at 204 East Cypress Avenue.

COAL MINING RESUMED

STRIKING COAL MINERS ARE STEADILY RETURNING TO WORK IN ALL DISTRICTS

(Special Service to Glendale Evening News)

WASHINGTON, Dec. 12.—Reports gathered here show that the striking coal miners are steadily returning to work in the Springfield, Ill., district, and that practically all the miners have returned. At Terre Haute it was said that twenty per cent had returned there.

Cleveland reports that miners are returning throughout Ohio in "increasing numbers."

Practically all miners are expected to return to work before night in Missouri, Arkansas and Oklahoma, according to Kansas City advices. Mines in the state of Kansas cannot resume until the state receivership terminates.

In Pittsburg it was estimated that thirty per cent of the strikers in western Pennsylvania had returned.

The Southern Illinois district reported that the strikers there were still holding out although more men returned this morning than at any time since the strike was called. It was predicted that in Southern Illinois production would be normal by next week, however.

REGULATION OF SUGAR BARONS

SENATE ADOPTS BILL CONTINUING CONTROL OF SUGAR DISTRIBUTION AND PRICES

(Special Service to Glendale Evening News)

WASHINGTON, Dec. 12.—The Senate today adopted the McNary bill continuing the government control for another year of sugar distribution and prices.

GOMPER'S LABOR CONFERENCE

LEADERS GATHER IN WASHINGTON TO CONSIDER NATION-WIDE SITUATION OF LABOR

(Special Service to Glendale Evening News)

WASHINGTON, Dec. 12.—The vanguard of two hundred labor leaders began arriving today for a conference with President Gomper of the American Federation of Labor beginning tomorrow on the nation-wide labor situation.

JENKINS DENOUNCES HAMPTON

DECLARES THE ACTION IN FURNISHING BAIL FOR HIS RELEASE WAS UNPATRIOTIC

(Special Service to Glendale Evening News)

MEXICO CITY, Dec. 12.—American Consular Agent Jenkins has wired the United Press Bureau here from Puebla, saying:

"The court has advised me that my request for the cancellation of my bond is being considered. As a matter of fact they are killing time. So far as I know there are no other matters which would require the resumption of my hearings."

It was learned today that President Carranza wanted to see Jenkins Tuesday but diplomatic obstacles prevented.

Jenkins declared he did not know J. W. Hampton who furnished his bail and denounced Hampton as unpatriotic, saying: "If I had seen him when in Puebla, I would have busted him in the mouth." Jenkins declared he is fully determined to "break back into jail."

NEW MEXICAN CRISIS

ORDER BY PRESIDENT CARRANZA FORBIDS DRILLING OF AMERICAN OIL WELLS IN MEXICO

(Special Service to Glendale Evening News)

WASHINGTON, Dec. 12.—It is estimated by officials here that if President Carranza of Mexico persists in his refusal to permit the drilling of American oil wells in Mexico, it will cost the government \$300,000,000 to convert 7350 oil-burning vessels dependent on Mexican oil into other burners. The oil men here are confident that the State Department will move quickly to prevent further Mexican interference with American oil operations.

Mexican Ambassador Bonillas, in an interview today declared that attempts are being made to create an artificial crisis over the Tampico oil situation and that the situation is considerably misunderstood. He said:

"The Jenkins case is now closed as far as a crisis is concerned. This oil charge is a new attempt to excite feeling and inflame the public mind."

It was learned that the State Department does not feel that the Jenkins case is closed, however, and will not consider it closed until Jenkins is released without bail or other qualifications.

CABINET CHANGES

(Special Service to Glendale Evening News)

WASHINGTON, Dec. 12.—It was stated at the White House this morning that the president will accept immediately the resignation of Dr. Harry Garfield as Fuel Administrator.

Secretary Tumulty has laid his resignation before the president today. It was stated that his letter was friendly in tone.

TRUSTEES' MEETING

REQUEST FOR HEARING BEFORE R. R. COMMISSION WILL PROBABLY BE COMPLIED WITH

The Board assembled at 7:50 p.m. December 11, 1919. All members were present. The minutes of the regular meeting of December 4, 1919, were read and approved.

Request for Permit to Build and Operate Hospital

A communication was read from Roy L. Kent, stating that as representative of a hospital association now in process of incorporation, request is made that the Board of Trustees grant to the applicant a permit to build and operate a hospital to be located at the north end of the Piedmont Park tract. On motion of Trustee Woodberry, action on the matter was deferred and a hearing set for 8 o'clock p. m., December 26, 1919, at which time citizens interested in the matter are requested to be present.

Application for Permit to Operate Jitney Bus

An application was presented from J. F. Morris for a permit to operate a jitney bus, and on motion of Trustee Henry, same was granted.

City Treasurer's Report

A report was presented from the City Treasurer, showing the amount of \$10,352.40 received from the county of Los Angeles on account of city taxes since the last report.

Report of Building Inspector

Report of the building inspector for the month of November was presented and ordered to be filed, showing the number of permits issued for that month to be sixty-three (63) total valuation of buildings, \$120,132.

The city manager presented a recommendation of the acceptance of the bid of the Bentley-Schoeneman Lumber Company submitted December 4, 1919, for one carload of 40-foot cedar poles at \$19.50 per pole, F. O. B. Glendale, the same being 50 cents per pole less than the bid of Baxter and Jordan. On motion of Trustee Woodberry, the recommendation of the City Manager was approved and the bid ordered to be accepted.

The City Manager presented a report on the meeting held on December 6, 1919, with the taxpayers of the Valley View, Kenilworth, and Grand Avenue annexation districts for the purpose of discussing the matter of refund of taxes in those districts. The communication stated that there were about a dozen taxpayers of those districts present. The result of the meeting was the adoption of a resolution offered by Mr. J. R. Grey of 667 West Doran Street, as follows: "That whereas, the taxpayers of the Valley View, Kenilworth, and Grand Avenue annexation districts (Continued on Page 4)

SCHOOL BUSINESS

GRAMMAR SCHOOL BOARD PURCHASES LAND FOR BDWY. AND CERRITOS SCHOOLS

At the meeting of the Board of Trustees of City Schools held Thursday evening at the Intermediate, not all of the members of the Advisory Committee were present to inspect the plans the Board has accepted for the Broadway School building. Those who braved the storm to attend looked them over carefully and were well pleased.

A committee from the Intermediate Parent-Teacher Association submitted, as per its instructions, estimates on the cost of installing a cafeteria at the school in a basement room which would be available. The members of the committee said, however, that they could not conscientiously urge the Board to install such a plant in view of the fact that the plans for the addition to the school include provision and equipment for an up-to-date, permanent cafeteria, and that the plumbing which will be necessary for the temporary one will cost not less than \$125. This would be practically thrown away as there would be no use for it after the establishment of the new cafe. The full cost of a temporary plant would be in the neighborhood of \$500 but most of that sum would be for equipment which could be transferred to the new one. With the constantly advancing prices of labor and materials the Board is finding it necessary to use rigid economy to make its funds cover all the purposes for which money has been voted. It therefore laid the cafe proposition on the table and it is probable that nothing further will be done about it.

Important land purchases were recommended (Continued on Page 8)

WATER BOND MONEY

PROJECTS WHICH WILL FIRST BE UNDERTAKEN WHEN FUNDS ARE AVAILABLE

Mr. Welborn, president of the Sycamore Water Company, visited the City Hall one day this week to make arrangements to take advantage of the city's offer to furnish the Sycamore Canyon district with 15,000 gallons of water a day until some plan for increasing its permanent supply is carried out. The water will be furnished from the small reservoir which is situated in the Watts subdivision. The reservoir is at an elevation sufficient to deliver the water by gravity flow to the Sycamore reservoir, located about half a mile north of it.

The water supply of Sycamore Canyon comes from the north end of the canyon. It is a small amount and this summer it was not sufficient for the needs of the district, hence the offer by the city.

It is announced that one of the first moves that the city will make to increase its water supply after funds are available from the bond issue is to sink another well at the pumping plant which is at the junction of San Fernando and Grand View. The time is short in which to sink and equip such a well, but officials hope it can be accomplished in time to meet any urgent need next summer. Water is pumped from there to the present main reservoir at a 720-foot elevation, and it will be pumped from the wells to the new reservoir provided for in the bond issue when that reservoir is built.

Reservoirs are going to be needed at higher elevations and those who are acquainted with the city's plans say that one will probably be installed at a 900-foot level in the vicinity of Grand View Avenue to serve a portion of the Grand View district, which can not be reached by the 720-foot reservoir.

In acquiring the distributing system now in Verdugo Canyon the city will take in two small reservoirs which are at an elevation sufficient to serve Sycamore Canyon.

Another thing which the city will do when water bond funds are released will be to purchase a supply of pipe to lay in streets on which improvements are being held up awaiting the pipe, also to lay it as to better the circulation of water in certain districts next summer.

McADAM-FARNSWORTH

SCHOOL ROMANCE CULMINATES IN WEDDING OF POPULAR GLENDALE GIRL

A happy bride and a beautiful one was Miss Ruby Farnsworth, daughter of Mr. and Mrs. S. S. Farnsworth, when she plighted her troth to Robert A. McAdam at the Congregational Church Thursday evening, in spite of the rain which was falling outside. A beautiful setting had been provided in the decoration of the church with palms and roses, the work of her close friends, Hazel and Elsie Tyler. She was gown in white Georgette crepe over which fell her long tulle wedding veil, crowned with orange blossoms, and she carried a shower bouquet of bride roses. Attending her as bridesmaid was Miss Hazel Tyler, in a gown of pale green, the groom being attended by his brother, Fred McAdam. Little Emma Torrey, a niece of the bride, was the flower girl, and Miss Beulah Varner, another niece, sang sweetly preceding the wedding march, which was played by Mrs. Eugene Murman. E. H. Willisford, of course, officiated as pastor of the bride who was given away by her father.

Following the ceremony a brief reception was held at the church, the bridal party then adjourning to the home of the bride's parents at 217 North Central Avenue, where a wedding supper was served. The guest list was limited to the relatives and close friends of the bride and groom, who left by auto on a honeymoon trip and will later be at home to their friends at Palmdale, where Mr. McAdam has a fine pear ranch and where he has recently built a beautiful home for his bride. Their marriage is the culmination of a romance of long standing, as they were sweethearts in their grammar school days.

Mrs. McAdam is one of the most popular young women of the city and will be much missed in the circles that know her best.

As already stated, the guest list was limited to relatives and intimates of the happy pair who interposed the usual obstacles to their departure, by a stratagetic rush they succeeded in making a "get-away only" (Continued on page 5)

The Store Where They Specialize in Substantial Gifts

Gifts that really give the most pleasure are those that are substantial and lasting. Cheap flimsy toys please the children for a day or two but they are soon broken and forgotten while the more substantial play-things bring pleasure all the year. Women, too, like gifts that they can use every day. The gift that will lighten the household labor and make the home more cozy and comfortable will please a woman every time. You will find such articles as these in the holiday display at our store.

Children Must Have Something on Wheels

KIDDIE CARS—for tiny tots. They will pass many pleasant hours with these little cars. They help to develop the muscles of the little legs, too. **EXPRESS WAGONS**—In many sizes will delight the older boys.

VELOCIPEDES—We have them for the very small boy and from that size up to the age when a boy graduates to a bicycle.

ROLLER SKATES—These always please the boy or girl of any age. We have a nice selection.

FOR THE HOUSEWIFE

A WEDGEWOOD RANGE—One of these would be the Christmas gift supreme for any woman. Give her a real surprise.

A FIRELESS COOKER—Any housewife will welcome a gift that will save her labor, time and fuel as one of these useful articles will.

Less Expensive Gifts that will Bring Joy at Christmas Time can be Found in Our Large Line of Granite Ware, Aluminum or Pyrex

Glendale Hardware Co.

601-3 E. Broadway

Glendale 490

FARMERS TO HOLD COUNCIL TO COMBAT BOLSHEVISM

Farmers of Southern California are to join together in a mass meeting held under the auspices of the Los Angeles County Farm Bureau for a discussion of ways and means to combat the wave of radicalism and Bolshevism now sweeping over the country. This mass meeting is to constitute section number four of the Better Community Conference staged under the direction of the Southern California Teachers' Association, December 19 and 20. The meeting of farmers will be held in the Normal Hill Center, Fifth and Hope streets, Saturday afternoon, the 20th, at 2 o'clock. A program of acknowledged leaders in agricultural thought has been provided for the meeting.

The American farmer is at last awaking to his responsibility in national affairs. Constituting one-third of the population of the United States, the greatest employer of labor in the country and holding the greatest aggregation of wealth, the American farmer is on the threshold of participation in national affairs to a degree never before experienced in the history of this nation. There is no Bolshevism in the farmer. He has no sympathy for radicalism. He is determined to take a neutral stand in the present strife between capital and labor, but henceforth will insist that his rights be respected.

It is for the purpose of hearing what the farmer thinks of the present national crisis that the big patriotic meeting of farmers is called.

CONSTRUCTION OF SOUTHERN CALIFORNIA ROADS

The State highway situation in Southern California was considerably clarified at a meeting December 1 in Los Angeles between the California Highway Commission and representatives of five Southern counties. The spokesman for the counties asked the commission to discuss three propositions: Early and augmented construction; reimbursement for county highways constructed on routes of the co-operative laterals under the second bond issue; and reiteration by the commission of its intention to spend allotted sums on specified new roads under the last bond issue.

In reviewing the work of the commission in Southern California, Chairman Darlington showed the gentlemen present that the commission had lived up to its engagements in Southern California in the past, and explained the plans of the commission in regard to the early completion of roads into Imperial Valley, and construction of the coast line boulevard. The county representatives expressed their satisfaction with the information accorded them, which cleared up all misunderstandings as to past work and future intentions of the commission, and all pledged their counties to full co-operation with the commission in the prosecution of its work.

In regard to reimbursement, the commission pointed out that the law made no provision for such a procedure, and, therefore, it was a condition entirely outside the power of the commission to remedy.

The commission stated to the meeting that it would spend allotted funds on roads named in the bond issue, whether or not the amount would prove sufficient to entirely construct or not. In other words, the commission asserted that no new road would be deprived of its anticipated construction for the benefit of some other road.

HOW IMPORTANT IS SCHOOL AND WHY

By Ralph Deaver
(Given at La Verne)

I think the most important place for a boy to be until he is eighteen, at least, is in school; for several reasons: first, because the boy who finishes high school is able to earn a good deal more than the one who never goes any farther than grammar school. He has learned more and is able to take more responsible positions. Second, school life makes it necessary for him to learn regular habits of living. He has certain times for studies and certain times for his athletics and it was proven in the army that regular hours helped the soldiers to be stronger and better men than they were before they were in service. So it will help him to grow stronger physically as he takes part in athletics, and mentally as he learns his lessons regularly. His mind and body will grow up together and his place in the world will be a larger one because he has a knowledge of everything around him.

The boy that leaves school and begins working without any further education can usually be found during his spare time either riding a motorcycle up and down the boulevard or loafing around the street corners wishing he had money enough to buy one. He doesn't do himself or any one else any good and life becomes very uninteresting to him at times.

The boy who takes advantage of all the education he can afford finds interest in everything around him. He learns that if he always keeps his mind and body clean and in training, he is happier and better able to play the game. A clean mind and body makes a finer home for the spirit, and school is the only place where he learns to develop and take care of himself, mentally and physically, so I think it is very important that he should stay in school as long as he can do so.

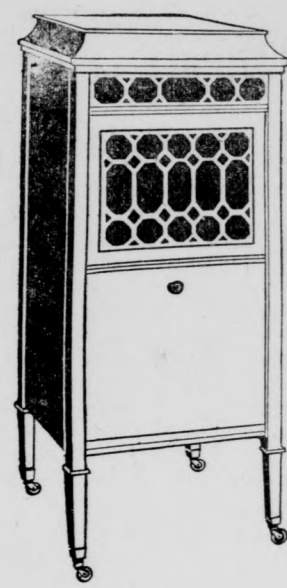

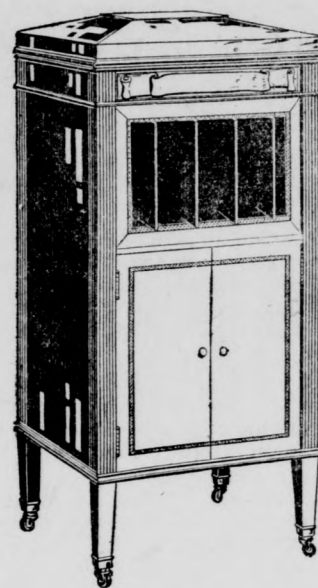

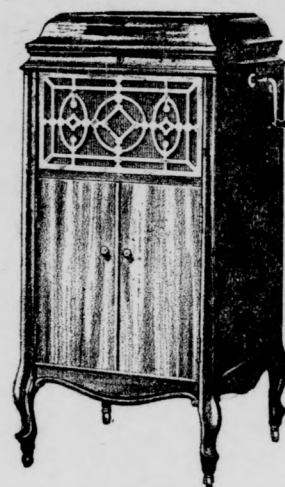

Y. W. C. A. COLLECTS TELEPHONE BOOKS

Telephone books are at a premium at the National Young Women's Christian Association, 600 Lexington Avenue, New York City, where the department of research and information of the division for foreign-born women is making a collection of telephone books for various large cities in the United States.

An extension of quarters would seem to be one of the first results of collecting these books for they are beginning to stock up pretty high. A record result will be, it is hoped, the most complete survey yet compiled in the United States on foreign agencies, institutions, newspapers and individuals.

A card index, which is already some miles long and which contains thousands of cards upon which are entered names of these agencies and people, is in the making and promises dimensions something akin to the Woolworth Building. The file will, when finished, give any one who desires it a remarkable vista of the foreign world in our midst. One of the practical uses for the card index is that which secretaries in the division for foreign-born women will give it. For instance, if a secretary is going to make a visit to several cities, where she is unacquainted and which holds a complex foreign population and a diversity of foreign publications and agencies, she goes armed with a complete survey of that city's foreign element in her hand-

THE H. S. PROBLEM

(Continued from Page 1)
the east or southeast rather than the expensive Brand frontage. Some of the bolder ones suggested that these be secured in addition to the small half block on Brand, while no one favored the published project of acquiring only that part on Brand lying between Harvard and the Masonic Temple.

Mr. Chas. L. Chandler was the only one, in the whole audience who voiced the sentiment of what I intended proposing. He, it was, who advanced the idea that inspired me to write this letter. Whether Mr. Chandler had in his mind the "revolutionary" idea I am now endeavoring to present, or not, I do not know but I believe that he, as well as many others, realize the futility of purchasing or condemning some of the most expensive occupied and unoccupied business property in Glendale on which to construct expensive buildings which in the course of a few years will again become inadequate and all the more incongruous to the surroundings.

I will here state that before attending the meeting, I had conceived the idea of purchasing land across Louise Street for the athletic field and gymnasium, utilizing the present field for the auditorium, etc., facing them on Colorado. This idea was advanced by others that night and I still believe it to be a far better plan than that of opening up on Brand, should the project I will later propose prove unacceptable.

I have spoken of business property—not in the sense that I would place business ahead of education. Far from it. But it would put education where it belongs and business where it belongs. "A place for everything and everything in its place." All but the blind can see that Brand Boulevard from Broadway south, together with adjacent cross streets, is bound to become one of the finest and most valuable business sections to be found anywhere. Let not the educational enthusiast lose sight of the fact that while our schools form the greatest bulkwork of our country, legitimate business and thrift is not to be despised as it, to a very great extent, directly or indirectly makes it possible for the schools to exist. That while the visitor to our city will be duly impressed with our educational facilities, he will also be impressed with our business enterprise.

Some, who know that the Monarch Auto Supply Company, of which I am a member, own the corner on Brand and Harvard on which they intend building soon, may point to this fact as the motive back of all I am writing. Primarily it was, but the broader vision of what seems to me could and should be done for the great and lasting benefit of Glendale as a whole far overshadows the smaller motive. It may also be deducted from the foregoing that the Monarch Auto Supply Company does not wish to sell their corner. Business, as such, may be looked down upon and condemned by some who may entertain ultra utopian ideas, but even utopia must be carried on in a business-like manner or it must fail. Good business is little more than energetic common sense.

Is it good business, all things considered, to pay \$110,000 to \$120,000 for a piece of property on Brand Boulevard partly for vanity's sake—with its questionable utility for the purpose intended, when five times the area, splendidly situated, can be purchased for probably much less than one-fourth that amount? Is it good business for the sake of the three buildings now constructed to add to the blunder already consummated?

Let us not deceive ourselves. Let us not, in view of so important a move, neglect to look over the fence and see what may be on the other side.

In the first place, with all due respect to Mr. Pulliam's snap estimate, I am convinced that \$20,000 would come nearer to being a sane estimate rather than \$12,000 to \$15,000 as net salvage on the buildings which would have to be demolished.

In addition to this there is a sad discrepancy in regard to the Brand frontage valuation. Without referring to that on our own property as well as that of others unconsulted, I would call your attention to the price fixed on the Borthick property of \$20,000. This was, undoubtedly, caused from a misunderstanding, as Mr. Borthick's lowest cash price for land and buildings is \$36,000.

In the second place, I am of the opinion that the present site, together with its buildings, could be disposed of at this time for an amount, perhaps, approximating the cost of an entire new site and adequate buildings so arranged that they could be added to as occasion might demand without expense other than the necessary buildings themselves.

The proposed assembly hall need not to be so large as intended but so planned that it may be added to.

There could be a great economy in the heating plant if constructed integral with the buildings.

The athletic field could be all that might be desired.

Again, I doubt not but what the buildings themselves be so planned on a larger scale generally, that they would cost less per capita pupil than as planned in the proposed extension.

If happily you may agree with me so far as I have gone, you may ask: What can be done with the fine

TWELFTH CELEBRATION

FATHER O'NEILL COMPLETES
TWELFTH YEAR ON TWELFTH
DAY OF TWELFTH MONTH

Today, the twelfth day of the twelfth month, Rev. Father James S. O'Neill, pastor of the Holy Family Catholic church of Glendale is celebrating the twelfth anniversary of his pastorate here.

On December 12, 1907, Father O'Neill in response to marching orders from the late Bishop Conaty of Los Angeles, to "go to Glendale and hire a hall," came here and gathered the Catholic population together and held services in the G. A. R. Hall. Later a church was erected, the congregation has outgrown that building and plans are now well under way for a new church.

Father O'Neill has been popular both in his church and among the townspeople generally. The anniversary of the organization of the church and of his pastorate are being celebrated with a "Christmas Sale" which is an annual event of the congregation, at the Masonic Temple today and tomorrow.

buildings now constructed? It matters little whether we go down into our right pocket or our left. It matters little whether they are school or city bonds. We have talked of parks, of a civic center, etc. Now let the city buy the High School property. Let them convert the Domestic Art building into a City Hall. Let the main building be made into a fine public auditorium. The Mechanical Arts building can be easily used for some other good purpose and the balance of the grounds laid out for a small park. These are but ideas to be developed by those more competent than I.

Now, as to the final and proper setting for our "diamond." There are, undoubtedly, many tracts available and attractive, but I see no other so eminently suitable, so splendidly situated with regard to accessibility and school district center, as I understand it, as the one I have in mind.

Go with me out East Broadway. Come in on Broadway from Eagle Rock; come down the canyon from Montrose and La Crescenta to the intersection and Verdugo Road—right in the midst of orange groves. Stand at the corner of these two fine thoroughfares and examine the northwest block. It has but four houses on it, is otherwise practically unimproved and is large enough for a college campus.

Go see it for yourself and see if it does not meet with your approval. If still more land would be desirable, there is plenty to the west, back of the Broadway School with nothing but a blind street to close.

I have had my say. I have taken up much valuable space in your paper, for which I thank you, and it is up to the people of Glendale to decide the merits of my suggestions. Glendale, December 11th.

H. M. Butts,

121 South Brand.

The foregoing communication shows that the writer is taking a deep interest in what he considers betterments for the Glendale Union High School, and the suggestions he has presented in reference to change of location deserve courteous consideration. The Evening News invites intelligent discussion on this very important subject. It must be kept in mind that Glendale Union High school district is made up of territory that is rapidly increasing in population, and that the needs of today are not the needs of five years from now.—Editor.

BROADWAY CHILDREN ENTERTAIN

The regular meeting of the Broadway P. T. A. was held at the school yesterday (Thursday) afternoon at 1:30. The meeting was held in Mrs. Ryan's room, which had been beautifully decorated with Christmas colors of green and red.

A very short business meeting was held and then the afternoon was turned over to the school, the program being given by the school children.

Much credit is due the teachers of

Broadway for preparing such a delightful program for the mothers. Each and every number was thoroughly enjoyed from the tiny kindergarten room up to the highest grade. The ladies voted that they would dispense with their usual cake and tea and that the cake should be given to the children Friday morning as a treat.

K. OF P. ENTERTAINMENT

Glendale Lodge, K. of P., entertained the Knights and members of their families at the K. of P. Hall

last Tuesday evening with the following program:
Address of Welcome, L. C. Haynes, Chancellor Commander.
Song, Messrs. Templeton and Volker.
Recitation, Miss Easton.
Piano Solo, Walter Hibbert.
Song, Mr. Black, accompanied by Miss Easton and Mr. Kelly.
Recitation, J. Volker.
Recitation, Judge Templeton.
Song, Miss Easton.
Club Singing, Capt. W. C. Watkins.

Short talks by Past Grand Chancellor Loucks, Fram, Hapgood and others.

Slight of hand, J. W. Hibbert. The conclusion of the program was followed by dancing and the serving of refreshments.

This was one of a series of monthly family gatherings inaugurated by the Glendale Lodge, and the large attendance proves that they strike the popular fancy. A live committee provides entertainment for each meeting.

C. D. Lusby, Secretary.

NOTICE

Notice is hereby given that Z. L. Hesse will not be responsible for any debts contracted by his wife, Mina R. Hesse, after this date.

MASONIC FUNERAL NOTICE

The Masons of Glendale will convene at the Masonic Temple at 1:45 p. m. Saturday, Dec. 13, 1919, to conduct the funeral services of our late brother, Aaron S. Dodge. The funeral will be held at the Jewel City Undertaking Parlor at 2 p. m. Roy W. Masters, M. W.

CHANGE IN SUBSCRIPTION RATES

Beginning on January 1st, 1920, the charge for subscriptions for the Glendale Evening News will be as follows:

One year.....\$5.00
Two months.....1.00
One month......60

The present subscription rate, \$4.00 per year, will be in effect until January 1st, and subscribers who wish to pay a year or more in advance at this rate may do so.

The change in the subscription price is made necessary on account of enlarging the paper, beginning January 1st, and the employing of additional help in the reportorial department. The increased cost of paper, ink and labor are also causes for making this change.

A. T. COWAN, Publisher.

The Best Monument to a Man is His Life- Work Well Done.

We pride ourselves that the many substantial and beautiful buildings that we have erected in Glendale and throughout Southern California are monuments to our business and professional ability and integrity.

No advertisement we could devise would speak so loudly or so truly as these monuments of wood and stone. They tell of satisfied clients and patrons, of contracts faithfully carried out; they speak of accurate plans, of good materials and workmanship, and of strict attention to details. They cry loudly of good business methods, sound finance and square dealing.

Each one of these buildings is a stone in the building of our business reputation. Each building as it was completed and turned over to the owners or to the public added that much to our prestige and standing as a business firm.

All this is possible because of our policy of putting our best into every contract we undertake; because of our resolve early in our business career to be honorable in all dealings and honest in all our work.

New Contracts are Coming
to us constantly as a result of
this policy.

SUNLAND

The Adams cannery is working full capacity on the olive crop. They expect to handle considerably more than the output of last year. Mr. Adams has installed the heating capacity required by law and has the assistance of a large force of help.

Mr. McDonald, wife and children returned Monday from a three days' visit with friends in Los Angeles.

Mrs. Mary Hoffinger was shopping in Los Angeles Tuesday.

Mr. Lancaster has a new Ford.

Rev. Stephenson brought his mother and brother-in-law up with him from Los Angeles Sunday to attend church. His brother-in-law occupied the pulpit in the morning.

The Sunday School at the First Baptist Church is preparing a program for Christmas Eve to be given at the church.

Quite a bit of trouble has been caused by the recent storm, bringing down leaves and stopping up the pipes in the water system, keeping Mr. Spencer busy trying to keep them open.

Miss Lita Adams and Virgil C. DeLapp sprung quite a surprise on their parents and friends by slipping away to Los Angeles and being married Wednesday, September 10. They returned home on the afternoon bus and received the forgiveness of their parents, and the congratulations of their friends. They will live for the present in Haynes Canyon, where Virgil is working.

One of the cement store buildings in the Rowly Block caved in during the last storm causing considerable damage.

Mrs. Guildmacker and Mrs. Lingley spent Wednesday with Mrs. Warfield, who accompanied them back to Los Angeles for a few days' visit.

Mr. Frank Mears purchased a very valuable sow this week.

News from Mrs. McNab this week states she will return to Sunland the first of January. Now Mr. Mitchell is hunting for a house.

Pruning is the occupation of most of the ranchers now.

Mrs. Sein has been very ill the past week, but is now able to be out.

TUJUNGA

The first rehearsal of the Monte Vista Valley Band will take place at the Tujunga school house Tuesday night, the 16th, under the new director, E. Muschewe, well known musician of Los Angeles, who has directed many first-class bands in Southern California for the last 20 years. All former members or any other persons that are interested in the band are requested to be there.

The Haines Canyon Water Company has made application to the Railroad Commission for approval of the plans made by Engineer Harry D. Lynch and submitted to them for the extension of its plant and for the development and extension of the water system of this valley and providing for an immediate improvement to the extent of three or four thousand dollars.

Engineer Lynch has been chief engineer for the city of Glendale for nearly ten years and is very familiar with the entire region.

We had a beautiful and a bountiful rain last week, the register showing 2.70 of an inch, which brings us over three inches ahead of last year, and the clouds are again indicating rain. Considerable snow was on the mountains and made the weather somewhat chilly for those who are in tents and just building their houses.

Mr. Riegle, who lives in the Wharfield house on Walnut Drive, lost a son, six years of age, on Sunday. The boy has been ailing for a long time, although not seriously until the past week.

Miss Ruth Pasco, who at present is in Visalia, has a fine position in the Y. W. C. A. at that place and is in charge of county work.

The Woman's Club will hold its usual monthly meeting with Mrs. Hoffman on Stephens Way Thursday, December 18, at 10:30 a. m., holding an all-day session in order to finish work intended for Los Angeles. P. T. A. to help out the Christmas needs. Bring needle and thread, also your lunch and Mrs. Hoffman will serve coffee at noon. If you have any donations of groceries, food or clothes they will be thankfully received. Lacking all these the ladies are not averse to money wherewith to purchase groceries. Remember, "If ye have done it to the least of these, ye have done it unto Me," and your Christmas will be the brighter for it.

Mrs. Mullihan of Pine Street, who has been spending the summer and autumn in Montana with a daughter, returned home last week, bringing the daughter and her children here for the winter. It was cold and much snow there before she left.

Mrs. Johnson and Mrs. Price from Oregon and cousins of Mrs. Luedke, have been visiting with her the past week, and we are rather ashamed of our weather man while they were here.

Mrs. DePrez and daughter were

callers on Wednesday looking over their property and planning to replace their house that was burned as soon as adjustments can be made.

Mrs. Woods and friends were up from Los Angeles for a few days' stay on Sunset Boulevard.

Friends of Frank Herrick from South Dakota were looking for houses to rent in Tujunga, but none were to be had.

Sunland seems to be enjoying a few surprises in elopements of their daughters. Olovina Kirshman started it and now Lita Adams has followed suit. Well, never mind, the coming year is Leap Year and maybe some of the Tujunga girls may be braver than the boys have been the past year so that we can publish with pride a wedding of our own. We think the last one here was Miss Lulu Barclay. So girls get busy for the new year.

Notwithstanding the rain, wind and cool weather the land in this vicinity has continued to move rapidly. Not a day passes but land is sold and all we need now is nails to build the houses with. We may have to build entirely of stone unless the shortage is soon remedied.

LA CRESCENTA

Mrs. Brooks of Montrose has sold her home and moved to Glendale.

Mr. and Mrs. Rogers are now living in Mr. Aire's house which they bought a short time ago. The Rogers formerly lived in Glendale.

The Door home has been sold.

Mrs. H. M. Carpenter spent last week with her daughter-in-law in Los Angeles, who has been quite ill.

Mrs. Beith of Mayfield Avenue, entertained her sister and her friends last Saturday and Sunday.

Mr. and Mrs. B. F. Miller are very much pleased with the new arrival in their family. A pure-bred Anglo-nubian doe kid!

Mrs. Lewenstein spent Monday in Los Angeles looking after her home on Los Angeles Avenue.

Mrs. H. E. Bruce entertained her daughter, Mrs. G. R. Eastin of Los Angeles, Mrs. Edward Briggs, also of Los Angeles, and Mrs. A. Briggs and children of Boyle Heights, last Sunday.

Mr. and Mrs. Dodd have sold their home and other property on Honolulu Avenue and have moved to Glendale.

It has been decided that the La Crescenta Woman's Club will meet at the school auditorium in the future. The meeting will be held the second Wednesday in every month as usual.

Mrs. White and her small son have been seriously ill for the past week.

Mrs. Brown has sold her home on Altura Avenue, which formerly was owned by Mr. Shilling, and has moved with her daughter to Hollywood.

The car barn at Montrose will be completed in a very short time. A new tire repairing shop has also been started.

Don't forget to reserve next Saturday night for the dance.

Ranchers in this section are anticipating the pruning demonstration to be held at the ranch of P. H. Johnson in La Canada on Wednesday, December 17, at 10 a. m. The demonstration is under the auspices of the La Canada Valley center of the Los Angeles County Farm Bureau. Any one interested in farming is invited to come.

The regular meeting of the La Crescenta Woman's Club was held at the school auditorium last Wednesday. Mrs. H. Reynolds, hostess. The meeting was called to order by the president, Mrs. E. W. Nettleton.

Election of the following officers for the coming year: President, Mrs. C. E. Culberson; First Vice President, Mrs. F. Caldwell; Second Vice President, Mrs. S. Custer; Secretary, Mrs. F. H. Anderson; corresponding Secretary, Mrs. V. Hall; Treasurer, Mrs. H. S. Bissell.

Eight new members were voted in. Mrs. Reynolds was assisted by Mrs. L. Hamlin and Mrs. V. Hall.

Interesting talks were made by Mrs. Seymour Thomas and Mrs. R. Haines.

Mrs. Walter Brown will be the next hostess.

The La Crescenta Woman's Club will have an evening of cards next Tuesday evening, December 16th, at the school auditorium. There will be bridge, five-hundred and heart tables. Prizes and refreshments. Tickets 50 cents. The committee in charge being Mrs. H. S. Bissell, Mrs. F. H. Anderson, Mrs. A. H. Baldrige, Mrs. E. N. Nettleton, Mrs. S. Goddard and Mrs. C. E. Culberson. Come out and bring your friends.

er in the chemistry room he learned to know that he could go when Edward wore his newspaper knapsack, but not otherwise.

Glendale children also made acquaintance with the baby burro which Mrs. Shipman brought to Glendale, and with her toy Collie "Laddie," and the Airdale "Sy."

They, too, have their place in the vivid pictures which Nell Shipman presents of the Western frontier; and when "Back to God's Country" comes to the Palace Grand, as it will in a few days, Glendale audiences will recognize some of these four-footed friends as well as Nell Shipman herself. When last heard from she was in the north at work on her next picture, a dramatization of "The Yellowback."

No. B58345
SHERIFF'S SALE

Notice of Sale of Real Estate Under Execution

Adjustment Corporation, Plaintiff, vs. Hickman, et al., Defendants.

By virtue of an execution issued out of the Superior Court of the County of Los Angeles, State of California, wherein Adjustment Corporation, a corporation, plaintiff, and Cora Hickman and Mrs. D. H. Imler, defendants, upon a judgment rendered the 10th day of January, A. D. 1918, for the sum of Nine Hundred Thirty-Seven and 39-100 (\$937.39) Dollars, lawful money of the United States, besides costs and interest, I have levied upon all the right, title claim and interest of said defendants, Cora Hickman and Mrs. D. H. Imler, of, in and to the following described real estate, situate in the County of Los Angeles, State of California, and bounded and described as follows: Lot (3) of the Palmetto Tract in the City of Glendale, County of Los Angeles, State of California, as per map recorded in book 12, page 180 of maps in the office of county recorder of Los Angeles Co.

PUBLIC NOTICE IS HEREBY GIVEN, That I will, on Monday, the 22d day of December, A. D. 1919, at 12 o'clock M. of that day, in front of the Court House door of the County of Los Angeles, Broadway entrance, sell at public auction, for lawful money of the United States, all the right, title, claim and interest of said defendants of, in and to the above described property, or so much thereof as may be necessary to raise sufficient to satisfy said judgment, with interest and costs, etc., to the highest and best bidder.

Dated this 27th day of November, 1919.

RELIGION NOT LEGISLATION

The need of the hour is not more legislation. The need of the hour is more religion. More religion is needed everywhere, from the halls of Congress at Washington to the factories, mines, fields, and forests. It is one thing to talk about plans and policies, but a plan and policy without a religious motive is like a watch without a spring, or a body without a breath of life. The trouble today is that we are trying to hatch chickens from sterile eggs.

Take the labor situation. The solving of the labor situation is wholly a question of religion. The wage worker will never be satisfied with higher wages and shorter hours, any more than you and I are satisfied with more profits and a bigger house. Things never did satisfy any one and never will. Satisfaction and contentment are matters of religion. Communities and industries where right motives are paramount have no serious labor problems.

When both employer and wage worker honestly believe that we are here in this world to serve others, the labor problem will be solved, but not until then. We employers should learn to give up, and labor should wake up. However, neither of us will do it except as we are actuated by religious motives. Both groups are largely actuated by selfish motives at the present time. Moreover, this is tremendously short sighted selfishness. During the scramble over a division of what is already produced, we overlook the great importance of increasing production, thereby cutting down the tree to get the cherries. We all need a new outlook on life, a new political policy, a new industrial policy, and a new social policy. The old politics founded upon fear and striving only for protection has fulfilled its usefulness. We need a new politics based upon faith and striving for production.

Meanwhile, what is happening to our churches? They are going to seed. They are already deserted by the working class, and are being deserted by the children of the em-

ploying classes. Great capital investments in land and buildings are being utilized only a few hours a week. The ministers are being paid starvation wages, and the whole church industry lacks "pep" and imagination. And yet, the church is the only organization in existence for generating right motives in man. Schools develop intellect, theaters and novels foster passion, but the church is the sole organization which develops those good motives of sympathy, love, hope, and inspiration upon which the industrial salvation of the world depends.

All men are human, whether United States senators or humble workmen. The political and labor

agitators, the partisan newspapers, the everyday "movie," and the other agencies which develop hate, jealousy, and fear, are running rampant today

The need of the hour is religion. —C. S. Sentinel.

SCHOOL BUSINESS

(Continued from Page One)
ported as the Board has closed negotiations it has been conducting with Mr. Vesper for the four big lots on Sycamore Canyon Road at the rear of the Broadway School campus. These lots are 250 feet deep. The original option price was \$3600, or \$900 each, but seeing the situation in which the Board is placed with the necessity of husbanding every resource, the owners generously deducted \$300 from the price, leaving it \$3300 for the four, which is but a trifle over \$800 a lot. This is pronounced a very reasonable figure in view of the size of the lots and the price at which property in that part of the city is selling. Mr. Vesper was not the owner of the property but has been handling it as trustee for the four persons who did own it.

Another very satisfactory deal has been made by the Board with the members of the Richardson family who have been represented by Leigh Bancroft. This involves the property at the south of the Cerritos School campus now covered with an eucalyptus grove. It is almost triangular in shape with a frontage on Brand of 227 feet running east a distance of 380 feet to Glendale avenue on which the frontage is only eighteen feet. The south boundary is the road leading to the Forest Lawn cemetery. This was bought for \$4800, which is regarded as a very reasonable figure. The Board feels well satisfied with the land purchases it has made thus far and appreciative of the public spirited attitude which has been taken by those from whom they have bought. The last buy rounds out the Cerritos School campus with the exception of a small triangle on Brand Boulevard owned by the Pacific Electric Railroad on which it is making a price of \$2400. As it is only about one-fourth the size of the property bought from the Richardsons and is by no means so valuable a corner, the Board considers the figure unreasonable and has taken no further action in the matter. It is trying to strictly adhere to the statement made at the time of the bond election that it would purchase one or both of these pieces of ground if they could be obtained at reasonable prices.

TRUSTEES MEETING

(Continued from Page One)
tion districts present at this meeting understand that it is the desire of the Board of Trustees of the City of Glendale to refund to these tax payers the amount of the county road tax which was levied and collected by the County of Los Angeles in these districts subsequent to the annexation of these districts to the City of Glendale, or that the sum of this tax be expended for public improvement within the district, and that the Board of Trustees desire to be guided in this manner by the wishes of the tax payers within such districts. Therefore, be it resolved, That it is the sense of the tax payers of the Valley View, Kenilworth, and Grand Avenue annexation districts present at this meeting that the said tax be set apart by the Board of Trustees as a nucleus of a park fund for the purpose of securing or improving a park to be located somewhere within the area of the districts represented." It was also suggested at the meeting that the city arrange for a meeting in the near future to be held in the Columbus Avenue school house for the purpose of discussing the matter. It was further stated that Mr. Grey authorized the statement that if the proposition for a park can be successfully carried out, he will sell for that purpose a piece of ground of approximately nine and one-half acres (9½) bounded on the east by what would be an extension of Kenilworth Avenue, on the south by an extension of Patterson Avenue, for the sum of ten thousand dollars, (\$10,000), deducting therefrom, as a contribution toward the park, the sum of \$2,500.

The City Manager recommended that the Chamber of Commerce and the Greater Glendale Development Association be requested to appoint a joint committee to look into the proposition. On motion of Trustee

FROM BURBANK TO SAN BERNARDINO

Shaw, the recommendation of the City Manager was approved and the matter referred, as suggested, for investigation.

City Attorney

The City Attorney reported having forwarded Mr. J. C. Thompson, attorney, New York, certified copies of the proceedings in the recent bond election, as required.

The city attorney made a report as to the status of the telephone rate matter as follows: The Railroad Commission gave an order on August 1, 1919, immediately upon the return of the telephone companies to private ownership, authorizing the telephone companies of the state to continue to collect the Burleson rates for services, pending investigation of the matter by the commission. This investigation is now presumably being made. The hearing held in San Francisco on September 15, 1919, was continued to a date to be fixed later by the commission. It was stated at that time that it would probably require two months to compile a

statement based upon the present data on hand, and it was proposed then to resume hearings at different points in the state. The city attorney stated that he had reason to expect that his request for a hearing to be held in Glendale will be complied with. The entire matter is now in the hands of the Railroad Commission.

Trustee Shaw presented an ordinance fixing salaries, which was read and laid over.

Trustee Shaw presented an ordinance regulating the removal of curbs, etc., which was read and laid over.

TO FIGHT FIRES

A bill providing for the employment of fire fighters and payment therefor will be introduced in the Legislature.

California makes no appropriation for controlling the many fires which destroy its grain and timber annu-

ally. While the Federal government maintains a system for the protection of its lands within the national

forests in the state, the outside areas do not receive adequate protection. The state depends on voluntary fire wardens, who serve without pay, to protect the areas outside the national forests. It is hardly to be expected that these voluntary wardens will fight fires outside their community, and as a consequence there are large fires every summer in remote sections, which burn uncontrolled until they assume such serious proportions that hundreds of men are forced to fight them for their own protection.

The majority of fires can be controlled with the expenditure of little money and time if they are caught when they start. If, during the period of the fire hazard in California, which is generally from May 15 to October 15, six or more district rangers, paid by the state, should aid in the organization for fire protection, and be constantly on the job, as in the national forest, thousands of dollars' worth of timber could be saved each year.
